Dubai - 2025

FUE ASIA MIDDLE EAST HAIR TRANSPLANT WORKSHOP

16th May, 2025 | 8.00 am to 5.00 pm
JW Marriott Marina Dubai - UAE

Unveiling
Aesthetic
Wonders

Hands-On Session Highlights

Training Setup: Conducted on Models and not on patients.

Station Design: Fully equipped stations with classroom or round-table seating. Delegates won't need to rotate or leave the station during training as all the steps will be demonstrated at their designated station.

Learning Objectives

- Understand Hair Restoration Foundations: Explore the integration of medical, regenerative, and surgical aspects of hair restoration.
- Master Non-Surgical Trichology: Learn diagnostic and therapeutic techniques beyond traditional textbook knowledge.
- Expand Regenerative Expertise: Understand advanced applications of platelet-derived biomaterials, nanofat, and SVF.
- Refine Surgical Skills: Gain insights into graft extraction, implantation, and post-operative care techniques.
- Bridge Knowledge Gaps: Equip plastic surgeons with a comprehensive understanding of trichology for career advancement in hair restoration.
