About FUE ASIA

FUE ASIA is a premier platform committed to advancing the field of Follicular Unit Extraction (FUE) in hair restoration. We unite professionals, experts, and innovators from across the globe to share knowledge, explore cutting-edge technologies, and set new standards in hair transplant procedures. Our mission is to foster a world-class learning environment, promote collaboration, and push the boundaries of what's possible in the field of FUE, creating transformative outcomes for both practitioners and patients.

Events So Far

1STFUE World Congress ASIA - New Delhi 2023

The inaugural **FUE Asia World Congress** was a groundbreaking event, attended by **350 delegates** from across Asia and beyond, including Turkey, the USA, UAE, Indonesia, Thailand, the Philippines, Malaysia, Bangladesh, Nepal, and Myanmar. It provided a unique platform for professionals to connect, learn, and discuss the latest innovations in FUE.

2nd FUE ASIA World Congress - Mumbai 2024

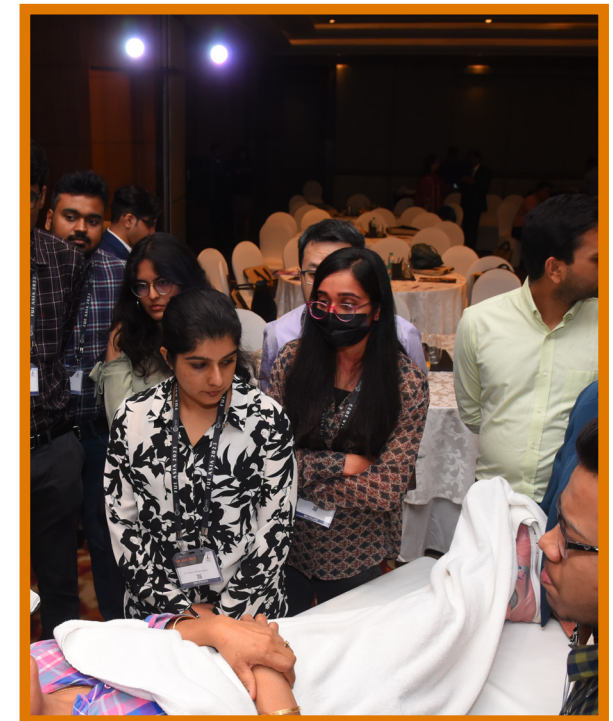

The second congress in Mumbai was an even greater success, **drawing 428 delegates**. The event showcased cutting-edge developments in hair restoration, featuring expert-led sessions and hands-on demonstrations of the latest FUE techniques.

Regional Workshops

FUE Asia's regional workshops extend the reach of our educational initiatives, uniting FUE professionals across continents. Notable workshops include:

FUE ASIA - Myanmar

Expanding our footprint in Southeast Asia and fostering global collaboration.
(For Myanmar, For Vietnam, For Laos, For Cambodia)

FUE ASIA UAE

A historic event featuring the debut of robotic hair transplants.

FUE ASIA - INDONESIA

FUEASIA ASEAN REGIONAL WORKSHOP. For Philippines, For Malaysia, For Singapore)

FUE ASIA - Thailand

Continuing our efforts to bring professionals together for hands-on training and learning. (For Myanmar, For Vietnam, For Laos , For Cambodia)

FUE ASIA SAARC Regional Workshop, Dhaka, Bangladesh

(For Bhutan, For Nepal, For Myanmar, For Pakistan, For Sri Lanka, For Maldives)

3rd FUE Asia World Congress – Delhi 2025

We are eagerly anticipating the 3rd World Congress in Delhi, 2025, where we expect around **850 delegates**. This congress will spotlight groundbreaking technologies, live demonstrations, and industry insights, focusing on the ongoing evolution of FUE and the future of hair restoration.

12th Annual Meeting CYPRUS

12th Annual Meeting CYPRUS Sep19 – Sep21, 2024 Turquoise blue water and fantastic sandy beaches – the perfect backdrop for a great meeting

13th FUE Europe Congress in Madrid (Scientific Partner - FUE Asia)

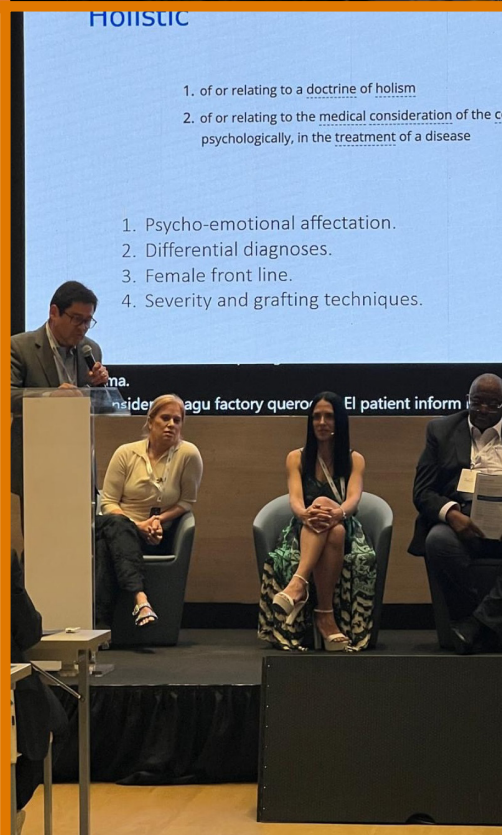

An international event that brought together leading specialists in hair transplantation.

FUE EUROPE MADRID, SPAIN

18th-20th, September 2025

About FUE Global

FUE Global Board envisions a world where hair restoration professionals collaborate seamlessly on a global scale, advancing the field of Follicular Unit Extraction (FUE) through education, innovation, and ethical practices. We strive to bridge regional variations, combining scientific expertise and practical insights to advance the field on a global scale.

The mission of FUE Global Board is to unite the strengths of FUE Asia and FUE Europe fostering a collaborative platform that promotes and enhances the FUE method worldwide. Emphasizing scientific research, knowledge exchange, and patient education, our collective efforts aim to establish FUE as a gold standard in hair restoration. Through collaboration, education, and shared resources, we aim to elevate the standards of hair restoration globally, ensuring optimal patient outcomes and fostering professional growth within the industry.

Global Hair Transplant Training Institute

Founding Member

The Global Hair Transplant Training Institute, an initiative by FUE Asia, is dedicated to promoting high standards in hair-restoration medicine by providing advanced, hands-on training for qualified hair-transplant surgeons. Our mission is to empower medical professionals with the latest techniques, ethical practices, and practical skills needed to deliver safe and effective hair-transplant outcomes worldwide

DR. ANIL GARG

DR. ROBERT TRUE

Milestones and Innovations

Live Cadaver Demonstrations

At the 2nd World Congress, FUE Asia made history by presenting live demonstrations of hair transplants on cadavers for the first time. This advanced learning experience provided invaluable insights into the intricate techniques and science behind FUE.

Robotic Hair Transplants

FUE Asia UAE marked another milestone by introducing robotic hair transplants during our regional workshop. This pioneering technology demonstrated the future of hair restoration, improving precision, efficiency, and results for patients.

Golden Crown Oration

As part of our commitment to excellence in education, FUE Asia introduced the **Golden Crown Oration**, a prestigious platform for distinguished professionals in the field of hair restoration. The oration serves to honor pioneering contributions to the advancement of FUE and highlights cutting-edge research, innovative techniques, and global achievements within the field.

JOIN FUE ASIA

FUE ASIA provides a unique platform for healthcare professionals, researchers, and industry partners to stay ahead of FUE advancements, improve skills, and engage with a global network of experts. Through education, collaboration, and innovation, we are shaping the future of hair restoration worldwide.

Additional Initiatives

Resident Outreach Programme

With **2,000 postgraduate residents** as part of our outreach program, FUE Asia ensures that the next generation of physicians is well-equipped with the skills and knowledge to excel in FUE hair restoration.

Membership:

FUE Asia currently **boasts 650** active members, all qualified physicians and dermatologists, committed to excellence in hair restoration.

Operation Hope

FUE Asia's "Hair Transplant for a Cause" initiative provides global access to hair restoration services, helping those in need while advancing the profession.

Board Certification for Hair Transplant

We are actively working to improve the standards for board certification in hair transplantation, ensuring the highest quality of care and professionalism in the field.

FUE Asia continues to pave the way for the future of hair restoration, uniting professionals from across the world to improve lives and shape the future of this transformative field.

FUE ASIA GOLDEN CROWN ORATION

The **Golden Crown Oration** is a prestigious initiative introduced by FUE Asia to honor the exceptional contributions of leading professionals in the field of hair restoration. This oration serves as a platform to celebrate the groundbreaking achievements, innovative research, and significant advancements made by pioneers in Follicular Unit Extraction (FUE) and related disciplines.

The Golden Crown Oration is awarded to distinguished individuals who have made lasting impacts on the global hair restoration community, pushing the boundaries of technology, technique, and patient care. Through this distinguished honor, FUE Asia recognizes those who have demonstrated outstanding dedication and expertise, inspiring the next generation of hair transplant professionals.

During the oration, the recipient is invited to share their insights, experiences, and visions for the future of FUE, further advancing knowledge and innovation within the field. This momentous event brings together global experts, fostering collaboration and encouraging the exchange of cutting-edge ideas and practices.

By establishing the Golden Crown Oration, FUE Asia not only acknowledges individual excellence but also continues its commitment to advancing the standards of hair restoration on a global scale, contributing to the ongoing development of the industry and the betterment of patient outcomes.

GOLDEN CROWN ORATION

The Golden Crown Oration is a prestigious recognition presented to individuals who have made exceptional contributions to the field, symbolizing excellence and achievement.

DR. WILLIAM RASSMAN
MD

RECIPIENT OF 1st GLODEN CROWN ORATION (2023)

Pioneered large-session hair transplants (2,000-4,000 grafts) & introduced Follicular Unit Transplantation (1995) and Extraction (2002)

DR. ROBERT TRUE
MD, MPH

RECIPIENT OF 2nd GLODEN CROWN ORATION (2024)

With 35 years in hair restoration surgery, he has authored over 100 publications and co-wrote Practical Guide to Hair Transplantation with Dr. Anil Garg

DR. RON SHAPIRO
MD

RECIPIENT OF 3rd GLODEN CROWN ORATION (2025)

Founder of The Shapiro Medical Group in Minneapolis, pioneered Ultra Refined Follicular Unit Hair Transplantation and won the "Archimedes" award for his expertise and contributions to hair restoration.

S P O N S O R S

FUE Asia is proud to be supported by leading pharmaceutical and medical device companies, including:

These sponsorships enable us to deliver the best knowledge, tools, and resources to our community, ensuring the highest standards in hair restoration education.
